Arrangements for the Three Monster
Meetings Opening the Democratic
Campaign in Missouri.

Everybody is invited to the Bryan
meetings at the Auditorium, Concordia
Park and Sportsman's Park. No tick-
ets are required for any of the three
meetings. Admission is free to all.

Chairman Cook of the State Committee
announced the Bryan Reception Commit-
tee this morning as follows:

Charles H. Jones, A. C. Steuer, Geo.
W. Allen, M. C. Wetmore, Dr. Otto
Forster, James Bannerman, B. A.
Shelley, Norman J. Colman, Jerome
Hill, Judge J. C. McKeighan, Henry
Blackmore, Hon. Burt Lyons, E. A.
Noonan, James M. Lewis.

A meeting of the committee was held
today at 11 o'clock in parlor B of the Planters'
House. Col. Chas. H. Jones was elected
chairman, and Geo. W. Allen secretary.

It was arranged that the Reception Com-
mittee should take charge of Mr. Bryan
and his party on their arrival at the Union
Station and escort them to the Planters'
House for supper. Immediately after sup-
per the State committee will escort
Mr. Bryan to Concordia Park and place him
in charge of the chairman of that meeting.

When Mr. Bryan's speech at Concordia Park
is finished, the State committee will
again take him in charge and escort him to
the Auditorium, placing him in charge of
the meeting there. At the close of his
Auditorium speech, the State committee
will escort Mr. Bryan to Sportsman's Park
for the great Traveling Men's meet-
ing after which they will escort him back
to the Planters' House.

All members of the Reception Committee
are requested to meet at the Planters'
House at 5 p. m. this afternoon. They will
start for the depot in carriages at 5:30 p.
m. Mr. Bryan's train is expected to arrive
at the Union Station at 6:15 p. m.

William J. Bryan, the candidate of the
people for the office of President of the
United States, will talk to thousands of
enthusiastic free silver men to-night.

They are coming from the country on
every train and by 8 o'clock to-night there
will be 30,000 or 40,000 Democrats here from
Missouri and Illinois.

They will be joined by 60,000 loyal friends
of free silver from the city.

At each of the three meetings there will
be not less than 25,000 people to hear the
masterful orator of the Platte and the
democrat as a whole will no doubt
exceed anything of the kind ever before at-
tempted in the Mississippi Valley.

Mr. Bryan and the party that is escorting
him through Missouri to-day will be met
at the Union Station at 6:15 o'clock this
evening, when the Wabash train from Kan-
sas City will arrive.

They will go direct to the Planters' Hotel
where a suite has been reserved for Mr.
Bryan. He will take dinner there and be
entertained by the Reception Committee
until it is time for him to start for Concor-
dia Park, where his first speech will be
made.

The gentlemen comprising the Reception
Committee were named Friday night by
Chairman Sam H. Cook of the Democratic
State Central Committee. They are:

Col. Charles H. Jones, A. C. Steuer, G.
W. Allen, M. C. Wetmore, Dr. Otto
Forster, James Bannerman, B. A. Shelley, Norman
J. Colman, Jerome Hill, Judge J. C. Mc-
Keighan, Henry Blackmore, Burt Lyons, E. A.
Noonan, James M. Lewis.

Democrats from the country, prominent
leaders of the party, all loyal silver men, be-
gan coming in on the morning trains Sat-
urday.

Every hour brought fresh arrivals, and by
noon there was a congeration about Demo-
cratic headquarters in the Planters' Hotel.

They came from the Southeast, the South-
west, the Northeast and as far to the North-
west as St. Joseph. All were anxious to
hear Mr. Bryan, and they said that the en-
thusiasm among the country Democrats
was unprecedented.

Hon. W. F. Bound of Scotland County was
one of the early arrivals.

"I remember very well the campaign of
1880," said he. "The enthusiasm shown in
that campaign is nothing to that displayed
in this."

"In my county there are about a half
dozen gold boilers who will not vote for
Bryan or the State ticket. To offset this loss
we will get at least 100 free silver Repub-
licans. Some of them are on the stump now,
talking for Bryan."

Senator T. K. Gosh of Clay County came
in from Western Missouri. The Democrats
of Clay, he said, would turn out en masse
at Kansas City to hear Mr. Bryan's early
morning speech. They are all for the ticket,
and the gold boilers were not in it in
Democratic Clay County.

From South Missouri came Representa-
tive W. L. Eaton of Washington, Hon. R.
P. Lyles of Butler, Hon. Frank Farris of
Crawford and Editor E. E. Caruthers of
the Dunklin County Democrat.

They told practically the same story. It
was that the country Democrats were in line
and working vigorously for Bryan, free sil-
ver and the entire Democratic State ticket;
that the "Knockers' Club" of Wall Street
Democrats had no following to speak of.

SILVER GAINING STEADILY.

Special to the Post-Dispatch.

NEW YORK, Sept. 12.—After spending yesterday in conference
with various leaders, Chairman Jones last night said:

"I am entirely satisfied with the situation. So far from there being
any appearance of the silver sentiment dying out, as is frequently
alleged in the Republican papers, it is absolutely clear in my judgment
that it is gaining steadily. I make this statement with especial
regard to the South and far West and the great Central States of the
West."

NEW YORK, Sept. 12.—The Journal this
morning has the following by cable from its
Berlin correspondent:

My cablegram stating that Germany has
instructed her interests in Turkey to resist
the anti-slavery movement meeting at Louis-
ville to-day. It is known that Secretary La-
mont expects Mr. Cleveland to send a letter
to the meeting that will be one of the
strongest campaign documents the gold
standard Democrats will have. The Presi-
dent's position has already been outlined by
Secretary Lamont, Secretary Francis and
Atty.-Gen. Harmon, and it was supposed that
these declarations would be allowed to stand
as the authorized expression of Mr. Cleveland's opinion. It is stated now, how-
ever, that Mr. Cleveland has concluded to
emphasize his opposition to the Bryan ticket
by a hearty endorsement of the Indianapolis
platform, and of Palmer and Buckner. The
letter he has written has been directed to W.
D. Bynum, it is said, instead of to Senator
Caffery, as at first reported.

lady, Blanche Walsh, and the latter actress
is now homeward bound from the Anti-

billing the fair Maxine as "the new Ameri-
can" beauty and leading lady "long before

CLEVELAND LETTER.

The Much-Discussed Document Is Ex-
pected to Show Up at Louis-
ville To-Day.

Special to the Post-Dispatch.

WASHINGTON, D. C., Sept. 12.—The mem-
bers of Mr. Cleveland's cabinet now in the
city are of the opinion that he will com-
municate with the leaders of the National
Democratic notification meeting at Louis-
ville to-day. It is known that Secretary La-
mont expects Mr. Cleveland to send a letter
to the meeting that will be one of the
strongest campaign documents the gold

IT WAS A LIE.

The Story Published That Mr. Bryan's
Speeches Were Reported by His
Private Secretary.

NEW YORK, Sept. 12.—Although Bessie
Little was murdered over a week ago, there
is still intense interest here in the case,
which is developing into a murder case
as the trial of Captain George Glazier
at Minneapolis, and into almost as atrocious
a disposition of the body as that of Pearl
Bryan, whose head was never found.

in Constantinople reached here to-day,
Chancellor von Hohenlohe postponed his

Council, probably to review the agreement

GOLDBUG'S CRIME.

Their Calamity Howling Directly Re-
sponsible for the Suicide of
Mrs. James.

Special to the Post-Dispatch.

NEW YORK, Sept. 12.—The Republicans
are directly responsible for the death of
Mrs. Caroline James, who committed sui-
cide by an article in the Nord
Deutsche Zeitung.

The article declares that the recent mas-
sacre in Constantinople was justified, as the
Sultan merely punished offenders against
his sovereignty. The Nord Deutsche asserts
that American missionaries are chiefly re-
sponsible for the Armenian difficulties.

When the news of the threatening situation
in Constantinople reached here to-day,
Chancellor von Hohenlohe postponed his
vacation trip and assembled the State
Council, probably to review the agreement
made at Breslau between the Kaiser and the
Czar.

TEXAS FUSION GOES "BROKE."

CHAIRMAN BUTLER NAILS ITS COFFIN DOWN.

IT IS A FREE FIGHT NOW.

Republicans Were More Than Willing to Join Hands but the Populist Lists Were Called Off.

WASHINGTON, D. C., Sept. 12.—The Republicans and Populists were getting along swimmingly with their fusion scheme in Texas until Chairman Marion Butler of the Populist party decided to take a hand. When he did so he took a strong hand and the combination vanished into thin air. Senators from both parties were surprised but reluctantly conformed, the report said, that he had wired to the chairman of the Texas State Populist Committee that fusion would not be tolerated. The Senator is also quoted as saying that fusion between the Populists and the Republicans on an electoral ticket would not be effected in any State, and that such a course would be suicidal for the Populist State organization attempting it.

DALLAS, Tex., Sept. 12.—The Texas Populist Executive Committee was in session yesterday, waiting for final action by the Populists. The deal for fusion was well-nigh completed. The Populists had laid down the law and the Republicans were still required to rend. However, it was quite clear to the Populists they were quite willing to take chances on fusion with the Populists.

Some very strong telegram came from Chairman Marion Butler at Washington, knocking the whole combine to pieces.

Chairman Bradley of the Populist Committee was reported to have said that he was completely rattled, but he showed how the land lay in the following talk to the reporters:

"The State committee can do nothing more until we hear from National Chairman Marion Butler. I cannot give the press his telegram just received; neither can I give out the resolution. We are in agreement, we will probably issue an address to the people of the State next week. Our full strength of members will remain in the field. We can do nothing further now."

WORKINGMEN BULLDOZED.

Proof of Their Intimidation by Hannan's Adherents.

WASHINGTON, Sept. 12.—"I am daily receiving letters," says Secretary Difenderfer of the Silver Party National Committee, "which furnish conclusive proof that the workingmen in a number of States are being forced to join McKinley clubs against their wishes. Many of the letters I am getting come from Ohio, and the proof has been furnished to me in a number of instances. The same is true of Indiana. In the case of Indiana, the same coercion is used on small merchants in towns where McKinley money controls things. One of these merchants writes me that for fear his business would be destroyed he and his two sons have joined a McKinley club. In this they go on there will be freedom of speech in this country, and the sooner they realize this and assert their independence the better it will be for them."

Asst. Secretary Taylor has been notified by the Alpha Bimetallic League of Baltimore to make out twenty-seven charters of clubs being formed in that city. Mr. Taylor and others have sent a charter to a club in Maryland which is composed wholly of Republicans.

COLORADO FUSION.

Silver Republicans and Democrats Unite on a Ticket.

DENVER, Colo., Sept. 12.—The Conference Committee of the Silver Republican and the Democratic parties at an early hour this morning agreed on the following fusion ticket:

For Governor, Alva Adams, Pueblo (Dem); Lieutenant Governor, Simon Guggenheim (Rep); Secretary of State, T. H. St. John (Dem); Auditor, J. W. Kephart (Rep); Auditor, J. W. Low (Rep); Attorney General, B. L. Carr (Rep); Surveyor of Public Instruction, Miss Grace Estep; Postmaster, Dr. R. R. Jones; State University, Dr. O. J. Daffner (Dem), and Wm. J. Orange (Rep).

The Silver Party and the Populists fused last night. The Populists gave Governor, Attorney-General, State Treasurer and two Regents. As soon as the fusion was made the Silver Convention made the following nominations: Lieutenant-Governor, B. Clark Wheeler, Asst. Secretary of State, William Scott; State Auditor, George Seaman; Pueblo; State Superintendent of Education, L. S. Cornell, Denver. The Union Silver Bryan and Sewall electors were informed that the ticket was filled by the endorsement of the Populist nominees.

TEN THOUSAND DEMOCRATS.

They Listened to Rev. Sam Small at Springfield, Ill.

Special to the Post-Dispatch.

SPRINGFIELD, Ill., Sept. 12.—The Democrats of this city and section to-day are holding an all-day rally. Hundreds of Democratic clubs from many surrounding towns, with marchers, participated in the long-drawn-out event. When Rev. Sam Small commenced speaking in the Park Square the crowd numbered 10,000. His speech was enthusiastically cheered. He speaks again to-night.

MASSACHUSETTS DEMOCRATS.

The Silver Men Have It All Their Own Way.

BOSTON, Mass., Sept. 12.—The primary elections and caucuses show that the Eastern Massachusetts Democrats have declared for Bryan and Sewall, for the ratification of the national platform, and determined for George Fred Williams as its standard bearer in the coming gubernatorial campaign. Caucus reports indicate also that the Eastern members have come in front and taken up the reins of local party politics. In the caucuses thus far held the gold standard may have composed a minority so small that it is lost out of sight. The same results are also reported from Western Massachusetts.

POPULIST NOTIFICATION.

Bryan and Watson's Letters to Be Delivered Sept. 15.

WASHINGTON, D. C., Sept. 12.—Chairman Butler of the Populist National Committee has received a letter from Senator Allen, Chairman of the Notification Committee, informing him that his letter of notification to the Populist party, Mr. Watson on the 15th inst., Senator Butler's letter to Mr. Watson will be delivered on the same day.

ELECTION BETTING.

Money Estimates of the Coming Maine Election.

NEW YORK, Sept. 12.—Speculation on the Maine election has created some excitement on Wall street within the last few days. Several large bets at even money were made yesterday that the State would go Republican by 25,000.

On the Boston Exchange bets were taken

that the returns would show the Republicans 35,000 ahead. It is said that Henry Chapman, who is well known on Wall street, placed a bet of \$3,000 to \$1,000 that McKinley would be elected, and three at \$500 even that McKinley would go Republican by 100,000. It is also reported that he offered \$500 even that the majority would be as large as 35,000, but could find no takers.

EARL CHOSSEN.

A Demand Made That the Dispensary Be Investigated.

COLUMBIA, S. C., Sept. 12.—The Democratic Executive Committee has officially declared Judge Earl the senatorial nominee, his majority over Gov. Evans being 3,348. The committee also adopted a resolution calling upon the State Board of Control and the Legislature to make a most diligent and public investigation into the dispensary scandal and the public benefit of all the testimony. The Board of Control will meet for that purpose on Tuesday. The National Committee for campaign expenses and each member of the committee pledged himself to raise from \$50 to \$100 in his county for the Bryan campaign fund.

NOT TO TAKE THE STUMP.

Hanna Says McKinley Will Remain at Canton.

CHICAGO, Sept. 12.—In reply to a question Kansan Hanna replied emphatically that McKinley would not take the stump during the campaign.

Indiana Official Changes.

INDIANAPOLIS, Ind., Sept. 12.—William J. Zaring, Deputy Treasurer of the state, will retire from that position next week and will be succeeded by John Sontag of Evansville, who served in the same capacity under Treasurer Lemcke. Mr. Zaring, on Oct. 1, will be appointed to the election ticket. He will not be effective in any State, and that such a course would be suicidal for the Populist State organization attempting it.

Indiana Official Changes.

INDIANAPOLIS, Ind., Sept. 12.—William J. WELCOME TO BRYAN.

To-night the citizens of St. Louis will extend to Mr. Bryan the heartiest welcome that was ever accorded to a public man in the history of the city. If the weather is fine, there are indications that the meetings which Mr. Bryan will address to-night will exceed in numbers and enthusiasm any that have yet marked his exceptional campaign.

That these meetings and the enthusiastic greetings that will be accorded him will give a stimulus to the great cause for which he stands is certain. There are few men in public life who could make three separate speeches in one evening, on practically the same issue. Mr. Bryan has shown that he can not only do this, but that he can make each speech as interesting and instructive as if it had no predecessor.

According to the count of the New York World, Mr. Bryan delivered 117 speeches during his recent tour from Lincoln to the East and return. Some of these speeches, of course, consisted of brief remarks from the rear platform of the trains on which he traveled. But at least one-third of them were regular speeches, varying in length from ten minutes to two hours. It is the exact truth to say of these speeches that they have never been surpassed for force, persuasiveness and eloquence, and that they have had and will have a profound influence upon the result of the campaign. They demonstrate that Mr. Bryan brings to the discussion of the great questions which the platform offers to the people a full mind, wonderful intellectual resources, and a quite marvelous facility of expression. The fact that they are eagerly read everywhere, while McKinley's speeches to the Canton pilgrims remain practically unnoticed, is of deep significance.

At St. Louis to-night Mr. Bryan began his second tour of the country. The people of St. Louis will set a pace to-night which the cities he will visit later will find it difficult to keep up with.

Bryan is for the people, and the people are with Bryan.

GRAWE MUST GO.

The Civic Federation will be justified in taking action to have Mr. Grawe removed from the School Board as an unfit person to act as Director. It is possible they may be able to take similar action against Director Brady and some others. But there should be no hesitation in proceeding against Grawe. There can be no difficulty in showing that he should be removed from office.

Three witnesses in the case of Berry vs. the School Board have testified that Director Grawe treated his vote for school contracts as a matter of bargain and sale. He can only oppose his own uncorroborated denial to this overwhelming evidence. With a jail record as a defor of the Supreme Court, he cannot set up the plea of "previous good conduct" to strengthen his case. Nothing can or ought to save him from dismissal.

But this should be only the beginning of the effort to cleanse this Augean stable. We cannot afford to have it said that "Throughout the West the School Board of St. Louis has the reputation of being a corrupt body." The Civic Federation should not cease its investigations until it has weeded out every director who can be proved unfit for membership in a body that ought to be composed only of upright, honorable men, who regard the schools as the most sacred trust that could be imposed upon them in connection with municipal government.

Purge the School Board.

A SHAME-FACED BOLTER.

The Chicago Chronicle has had the courage of its convictions on the money question. During the protracted contest for the control of State organizations and conventions it attempted no fraud or evasion and made no effort at party or public deception. It was openly and vigorously for the gold standard and its bolt of the Chicago convention was as logical as a bolt can ever be.

But the Chronicle cannot be permitted to hug the delusion that it has not bolted. We have already had occasion to except to its assumption of the regularity of the Indianapolis convention and its complicity

SHERMAN CONDEMNS GOLD HOARDING.

McKinley stands with J. Pierpont Morgan, Perry Belmont, the Rothschilds and other members of the Gold Standard Bond Syndicate in insisting that it is "reputation" not to keep a hundred million of idle gold cornered in the Treasury.

Every monometallist, every plutocrat, every advocate of contraction and of a decrease of the debt-paying power of the dollar, declares that this idle hoard maintained at the expense of a perpetually increasing debt, foisted on the people through one bond sale after another, is a "necessity under the resumption act," and that national credit cannot be maintained without it.

It is to be inferred from the vigor with which Honest John Sherman is now supporting the Bond Syndicate policy that he is growing more and more enthusiastic in endorsement of this view. But it was not always so. On Jan. 16, 1874, he made in the United States Senate the greatest effort of his life—the speech in support of the resumption act—and in it he said:

"There is first the proposition to accumulate gold in the Treasury with a view to the actual redemption of our notes in coin. This is supported by two bills now before the committee, one introduced by the Senator from Vermont and the other by the Senator from New Jersey. What are the objections to this plan? They seem to me to be these: In the first place ANY ATTEMPT TO ACCUMULATE LARGE MASSES OF GOLD IN THE TREASURY LYING IDLE TO AWAIT SOME FUTURE EVENT NOT FIXED BY ACT OF CONGRESS WOULD NOT BE A WISE USE OF PUBLIC MONEY. IN THE NEXT PLACE, I ENTIRELY OBJECT TO CONFERRING UPON THE SECRETARY OF THE TREASURY THE POWER OF ISSUING ONE HUNDRED MILLIONS OR ANY LESS SUM OF SIX PER CENT BONDS WITH A VIEW TO BUYING GOLD TO HOARD IN THE TREASURY TO MAINTAIN RESUMPTION."—(Page 421, Speeches and Reports of John Sherman, New York, 1879. Edited by Himself.)

This was the opinion held by John Sherman when he was performing what he considered the greatest public service of his life. He held then that it would be a robbery to issue interest-bearing bonds against the earnings of the people in order to hoard idle gold in the Treasury.

Why has he changed? He was considered a radical contractionist even then. Moderate men among his own partisans condemned him even then for his readiness to take sides with money against the masses. But Carlisle and McKinley, Sage and Vanderbilt, Morgan and Hanna—every representative of the gold standard plank of the Republican platform, every banker in Wall Street and every bond broker in London—insists that it is a threat of fraud and reputation to say now what he said then.

How does it happen that in the interval Plutocracy has grown so much more radical, so much more insolent, so much more determined to override common sense, common honesty, common justice? Can Senator Sherman—"Honest John Sherman"—explain what lunacy it is that possesses his Wall Street clients and moves them to force the revolutionary issues they are now forcing against the people?

a full enumeration of the Sunday Post-Dispatch is indispensable to all who would know what is going on in the world.

Rev. Dr. Lucius R. Paige, who has just died at his home in Cambridge, Mass., at the age of 94, was said to be the oldest Universalist clergyman in the world. He was an active Mason and was of great assistance to the order during the anti-Masonic excitement. He was a frequent contributor to religious periodicals.

Rabbi Pereira Mendes has been appointed by the Grand Master of Freemasons in the State of New York to the office of Grand Chaplain of the Grand Lodge. He is the first Israeli who has received this honor since the institution of the Grand Lodge of the Masonic fraternity, over a hundred years ago, says the American Hebrew. Right Rev. Bishop Potter of New York is the associate of Rabbi Mendes.

People who remember the Globe-Democrat's terrible denunciations of Terence V. Powderly when he, as Master Workman of the Knights of Labor, led the strike against the Gould roads, understand the present applause of his support of the gold standard. Powderly has quit striking against the Goulds. He is striking for them now.

The Cabinet midgets, Lamont and Francis, sent out their feeble cuckoo notes two or three days ago. Now comes Judson Harmon, who was made Attorney-General because he was a trusted advocate of the corporations, with an elaborate defense of the use of Federal troops to defeat the Chicago strike. As the campaign goes on, it becomes evident that the railroads and other great corporations care less for the money question than for the maintenance of their right to shoot down wages.

Powderly has quit striking against the Goulds. He is striking for them now.

The Other County conventions in Missouri should follow the example of Laclede County and instruct their representatives how to deal with the railroad corporations that are bulldozing their workers. It would be hard to find a better battle cry for the campaign in Missouri than "Down with Railroad Influence in Politics!"

The Vanderbilts, the Whitneys and their associates are buying everything that can be bought in the politics of the country. The trusts and the railroad pools are bulldozing everything that can be bulldozed. But still the party with right on its side will amount to a majority.

The silver cause has the advantage of having been championed by all the most distinguished political leaders of both the great parties. What was true in '73 and '90 is true in '96. The money of the nation must and shall be restored.

The Massachusetts Democrats have raised the broad banner of free silver and will co-operate with their Western and Southern brethren. There is no spinal mass on the Democracy of the Old Bay State.

Mark Hanna is making the most disreputable campaign in the political history of the country. His debased methods should arouse every honest voter in every section of the country.

Mr. McKinley, in addressing the Green Mountainites yesterday, kindly refrained from reminding them of the thundering attack they had just received from honest Arkansas.

Populist Palmer may have become a Plutocrat through some mysterious process of reincarnation. In re-incarnation, however, the soul ought not to proceed downward.

Hobart is doing a good deal of talking, but he is not saying one word of his service as "pool commissioner" in the employ of the Coal Trust railroads.

Cow-corner Lehman is the right man in the right place as a representative of the "honest money" idea of Option Pit Democracy.

Every Western farm mortgage, with its high rate of interest payable according to the gold standard, says: "Vote for Bryan."

As Mr. Carlisle said in 1878, the conspiracy against silver is both European and American.

Falseness and abuse cannot win in a country where intelligence has access to the polls.

We want the electoral vote of New York, but we can do without it.

Decidedly Dark.

From the Union Star (Mo.) Comet. F. W. Lehman is described by the Louisville Courier-Journal as a little fat man, with a smooth face and swarthy complexion. His complexion doesn't belie his principles a bit.

Harry L. Haydel was born in St. James Parish, La., in 1860, and came to St. Louis in 1862 with his parents. He was educated at the Christian Brothers' College and finished at the St. Louis University, from which he graduated with honors in the classical course in 1879. He engaged in the real estate business the same year with John Byrne, Jr., & Co., now Haydel & Son. He was one of the organizers of the present Real Estate Exchange and for two terms was its treasurer. He is a member of the Mercantile, Union and Marquette Clubs.

MEN OF MARK.

The elder brother of David Livingstone is still living in Listowel, Ontario.

Lord Dunraven, although the Valkyrie is once more home, does not intend to sail the boat which caused him so much bitterness.

A remarkable case of accomplished prophecy was furnished by Daniel Collins of Belvidere, N. J., who was run down by a railroad train and killed as he was walking on the track—a fate he had long ago predicted for himself.

W. A. Malone, a colored orator who was expected to make a Filley speech at Louisiana, made "a regular Kresens speech," greatly to the disgust of the Filleyites.

—Filley will be mighty feeble, Democratic in line, Conservative in politics, and join the McKinley Aid Society which was organized at Indianapolis," says the Browning Leader.

"There is no doubt that Treloar will be succeeded by a man of like mold, though he has been known in the Ninth District in a long time," says the Lincoln County News.

There were ten traveling men on C. A. Lovell's train coming into Missouri one day last week, and a poll of them showed that only one of the number was a McKinleyite.

Dr. Hubbard is informing the public that this will be his last trip before the election, whether he is elected or defeated, assigning as a reason that he will quit politics on account of his health.

—Oscar T. French, at Maryville, the Moorish, says: "I think the vital issue of the campaign, as he had more to say about them than about the other topics, is the Filley question."

The visit of the Senator and Mr. Edgar Lewis to Kansas City has shown there is just one way in which he could win—the withdrawal of all the other candidates at the same time, says the Post-Dispatch.

The Democrats of Wright City will give a grand picnic and ratification on Saturday, October 3, at Boswell's Lake. The speaker will be Judge A. H. Bolt, candidate for Lieutenant Governor of Missouri.

What does "Uncle" Filley think of the plan to open national headquarters in Kansas City with Major Warner as chief manager? Will he speak for Mark Hanna in Missouri?" asks the Kansas City Journal.

There will be a big Bryan barbecue at Weller's Inn, Southfield, N. J., who was run down by a railroad train and killed as he was walking on the track—a fate he had long ago predicted for himself.

A. A. Leaser, J. M. Sebert and W. S. Cowherd will positively be present and George W. Stoddard, Hon. Champ Clark and Judge Henry Eas (a Bryan Republican), are expected.

Stephens make more of just such talk as that made at Belleville, and it will not take long for the people of the town to be satisfied that he knows what it takes to make an honest, capable and strong man." Stephens is the author of the book "The Anti-Masonic Movement in Missouri."

Col. J. H. King has challenged any gold standard citizen of Joplin to a discussion.

The Moberly Democrat says: "We now say with all the confidence in the world that there is not a single Democrat in Moberly whose name can be ascertained, who is now opposing or who in November will be supporting Leon V. Stephens for Governor of Missouri."

MERGENTHALER LOSES.

Commissioner of Patents Decides in Favor of W. S. Scudder.

WASHINGTON, D. C., Sept. 12.—There has been pending in the Patent Office for about three years a contention between W. S. Scudder and Otto Mergenthaler as to the priority of the invention in line-casting machines in regard to (1) the matrix bar, having a series of stops to arrest the matrix at its proper place in the line; (2) the system for selecting and conducting the matrices to a place of assembly and adapting them individually in order to a common line.

The Commissioner of Patents finds on all these issues, covering also a few minor points, in favor of Scudder, and closes a long opinion and decision as follows:

"And I find not only that Scudder conceived the idea first, but on May 1, 1882, but that he proceeded thence, under all the circumstances of the case, with reasonable diligence, to construct a successful machine in October, 1882. The priority of invention is, in a word, to Scudder, and the decision of the Examiner in Chief is re-versed."

A RELIC OF THE PAST.

Surgical Operations for the Cure of Piles and Rectal Diseases

NO LONGER NECESSARY.

A Medical Discovery Which Will Change the Treatment of All Such Diseases.

It has long been thought not only by some physicians but by people in general that the common, painful and exceedingly annoying trouble, piles, was practically incurable by any other means than a surgical operation, and this belief has been the cause of much needless suffering, because of the natural dread of surgical operations.

There are many salves, ointments and similar remedies on the market which afford some relief in cases of piles, but the Pyramid Pile Cure is the only preparation so far introduced to cure it satisfactorily and dependably upon to cure it successfully every form of itching, bleeding and protruding piles.

Mrs. M. C. Hinkley of 601 Mississippi st., Indianapolis, was told by her physicians that nothing but a surgical operation costing between seven and eight hundred dollars could cure her, as she had suffered for 15 years; yet even in such a case as hers the Pyramid Pile Cure accomplished a complete cure. She says: "I knew an operation would be death to me and tried the Pyramid with very little hope, and it is not to be wondered at that I am so enthusiastic in its praise."

Major Dean of Columbus, Ohio, says he suffered for 40 years from piles and 20 years from itching piles, and in his case two packages of the Pyramid cured him.

Mr. D. E. Reed of South Lyons, Mich., says: "I would not take \$500 and be placed back where I was before I used the Pyramid Pile Cure. I suffered for years and it is now eighteen months since I used it and not the slightest trace of the trouble has returned."

The Pyramid Pile Cure is sold by nearly all druggists at 50 cents and \$1 per package and as it contains no opium, cocaine or other poisonous drug can be used with perfect safety.

No one need suffer from piles in any form who will give this excellent remedy a trial. Made by the Pyramid Co., Albion, Mich. My address can get it for you.

CHIN SCRAPPING AT LONG RANGE.

CORBETT AND FITZ BURNING OUT THE TELEGRAPH WIRES.

BUT THEY WILL NOT MEET.

Jim Wants a Certain Trysting Place, but Robert Says Him Nay — Sporting News.

NEW YORK, Sept. 12.—James J. Corbett sent the following telegram from Asbury Park yesterday in answer to the challenge made by Robert Fitzsimmons on Thursday night:

"I will meet Fitzsimmons at the Police Gazette office at 1:30 p. m., Saturday, and accept challenge. I want to meet Fitzsimmons personally, as I will not attempt to do business with Martin Julian."

Fitzsimmons and Corbett met this afternoon look out for blood."

When the above dispatch was sent to Martin Julian and Bob Fitzsimmons yesterday, we were justly surprised to learn that they had made a dive for the telegraph office, where they kept the wires "burning hot."

Fitzsimmons and Julian set severally aside, as though they had been emperors, the question of who was to meet whom, and they were to meet Corbett, if any body else at the Police Gazette office, but the permit "Poop-de-poor Jim" to any name other place.

In reply, Corbett refused to meet Julian in the police office, instead that he would meet the Police Gazette office or nowhere. So matters stood at a late hour last night. While to the naked eye the two fighters were as far apart as though one were in Europe and the other in California, yet to those who saw and heard Fitzsimmons say him over again, it was quite evident that he fully intended to meet Corbett, if not at the Police Gazette office, somewhere else, before the fight, and for his training quarter.

Dan Stuart proposes being present to-day to watch the proceedings and to see that all goes well, as soon as both men attach their names to a set of articles.

It is the general impression that Stuart will be the first to offer his services to both Corbett and Fitzsimmons have had business relations with him on a previous occasion, which were satisfactory in every detail.

It has been learned that Stuart does not propose offering any immense sum for this service. When asked, Corbett and Fitzsimmons were matter-of-fact in Mexico the purse offered by Stuart was \$4,000. This time it will be just half that amount.

EAST ST. LOUIS ROAD RACE.

Course Will Be From Belleville to Heim's Brewery.

The first annual East St. Louis road race, to be held Saturday, Sept. 27, promises to be the most successful yet, on the other side of the river. The start will be made between 4 and 4:30 p. m. Saturday afternoon, Sept. 27, so that the Air Line train back to East St. Louis can be taken and the finish of the race will be at the Heim's brewery.

The start will be made at the Air Line station in Belleville and the finish will be at the Heim's brewery in East St. Louis, a distance of about four miles.

The road is almost perfectly level with the exception of Bluff Hill. There will be no restriction there, as was proposed in a former race, as to the number of going up the hill. The rider may coast or pedal as he sees fit.

W. M. Rosborough will do the hand-capping, and the handicap limit will be five minutes. Entries will close on Saturday, Sept. 19, with Mr. F. G. Turner of Collinsville, Ill., as judge.

ANOTHER CASE OF NEGLIGENCE.**CONTRACTOR BUXTON'S JOB ON THE SHEPARD SCHOOL ROOF.****HE BID ON A TIN STRUCTURE.**

Then Put on a Gravel Roof at One-Half the Cost to Himself.

WASHINGTON, Sept. 12.—The organization of street-car mail service throughout the country has resulted in an order just made by Acting Postmaster-General Jones, adding the following to the postal regulations:

Clerks on city street-car lines will be appointed at \$800 per annum for a probationary period of six months, the same as for clerks on railroad lines. Upon having a permanent appointment, they will receive \$900 per annum, and as soon thereafter (not less than three months) as their records justify, it will be promoted to \$900 per annum, which will be the maximum salary of clerks on such lines.

Among the repairs required on the new Shepard was an entirely new roof. The specifications for the work called for a first-class tin roof.

The cost was to be \$1,400. J. E. Buxton for \$1,250, in accepting the contract under the specifications the contractor tacitly agreed to place a first-class tin roof on the building.

At a meeting of the School Board Building Committee Friday night the repairs on the new Shepard school came up.

The Post-Dispatch reporter called upon one of the leading iron roof contractors of St. Louis and also upon one of the leading gravel roof contractors to ascertain the relative cost of placing a first-class gravel roof, put on complete, is \$3.50 per square, and on the second grade, \$3.50 a square.

Tin roofing, put on, ranges from \$5.00 a square for inferior grade, to \$8 a square for the first-class material.

It was estimated the cost of the roof of the new Shepard school would be \$1,000 less than the Board will be required to pay A. G. Buxton unless it desires a controversy.

With the square cost of the roof of the best grade \$1.25, or \$35 less than the first-class roof.

Kash may be taken in hand by the State Committee, and forced to resign.

Miss Raeder Held Jewelry and Could Not Find It.

Miss Pauline Raeder has always been afraid of being robbed while she retires Thursday in her room at 1011 on Garrison avenue she concealed all her valuable jewelry in a safe.

When she awoke Friday morning she could not find her gold watch and chain, railroad ticket and purse containing \$150. She concluded that she had been robbed and silver and gold offered.

That officer informed the Third District Police Station and Special Officer George Joyce went up to her room, searched the missing property. Then Miss Raeder remembered hiding it there the night before.

New Missouri Corporations.

Special to the Post-Dispatch.

JEFFERSON CITY, Mo., Sept. 12.—The Secretary of State to-day chartered the following companies:

John S. Lynch Livery and Undertaking Co., of St. Louis, capital \$500, no corporators, Charlotte A. Lynch, Robert R. Scott, George M. Lynch.

John S. Lynch, Vester, Guide and Advertising Co., of St. Louis, capital \$100, no corporators, W. P. Foster, M. Griffin, J. E. Davenport and others.

To-Night's Cycling Event.

The wheels of St. Louis and suburbs will be out in force to-night on their annual visit to the great St. Louis Exposition to witness the trials of some of the leading organizations in the city.

Those who are not attached will join the ranks of club riders for the event and the great number of spectators will form a partial showing of the number and popularity of wheel owned and ridden in the city.

In the meantime the friends of free silver will rally at the nucleus of the National Democratic Committee.

Dollars should come rolling in; hundreds of names should be added to the roll of honor.

It's a good cause and the legitimate expenses should be met in part by the people who are vitally interested in the outcome.

Adorn the Docket of the Criminal Court for Monday.

Divisions 1 and 2 of the St. Louis Criminal Court will convene Monday, after the summer vacation.

A number of important cases are docketed. In Judge Edmunds' court, Division No. 1, four murder cases are set for Monday. George W. Troutman, who married his sweetheart, Blanche Simpson at 106 Lee street, will be the first case called.

Charles Meyer will be tried for the murder of Tom Edwards. Reynolds will be called to the stand to testify.

He was choked to death with a rope and his body was concealed in the basement, where it was found several days later. Robbery is also to be tried for.

Michael Pelman and Martin Durkin will also be tried for murder. Pelman's wife and Patrick Rowen, at Second and Spruce streets.

It is hardly to be supposed that any one of the members of the Board of Education will be required to pay a fine in order to compete with other bidders.

The reporter was informed by one contractor that the roof was therefore figured probably at \$1,000 a square, which would be for 32 squares.

With 2414 squares in the roof of the Shepard school, the cost of the roof would be \$24,515.

In bidding on school roof contracts, it is the custom to add 10 per cent.

A contract for \$1,023 at \$8 a square would be for 245 squares.

A number of important cases are docketed. In Judge Edmunds' court, Division No. 1, four murder cases are set for Monday. George W. Troutman, who married his sweetheart, Blanche Simpson at 106 Lee street, will be the first case called.

Charles Meyer will be tried for the murder of Tom Edwards. Reynolds will be called to the stand to testify.

He was choked to death with a rope and his body was concealed in the basement, where it was found several days later. Robbery is also to be tried for.

Michael Pelman and Martin Durkin will also be tried for murder. Pelman's wife and Patrick Rowen, at Second and Spruce streets.

It is hardly to be supposed that any one of the members of the Board of Education will be required to pay a fine in order to compete with other bidders.

The reporter was informed by one contractor that the roof was therefore figured probably at \$1,000 a square, which would be for 32 squares.

With 2414 squares in the roof of the Shepard school, the cost of the roof would be \$24,515.

In bidding on school roof contracts, it is the custom to add 10 per cent.

A contract for \$1,023 at \$8 a square would be for 245 squares.

FELL INTO A GAS TANK AND DIED.

HORRIBLE DEATH OF KASPARO SOKOLIC AT THE GAS WORKS.

WAS SMOTHERED IN SLIME.

Tumbled Into the Tank Through the Roof and Was Unable to Get Out or Make Himself Heard.

A horrible death was that of Kasparo Sokolico, night watchman for the Laclede Gaslight Co.

With a gaping wound in the back of his head, forty feet below the surface of the earth, he waded around in the slime and the bottom of a gas tank for two hours, unable to make his voice heard and then placed his coat over his head and lay down to die.

His right arm was thrown across his face, as if in sleep, but the froth on his lips told

KASPARO SOKOLICO.

of the horrible agony he had endured before death came to him relief.

He was about 40 years of age. He left his wife and four children in Austria four years ago and came to the United States. First settled in Chicago, where he obtained a position in a gas works.

Last June he came to St. Louis and obtained employment with the Laclede Gaslight Co. at the gas tanks on Gratiot streets, and he is now to board at 1081 Fulton street.

One of the company's immense tanks at Fifteenth and Gratiot streets, compared to which Sokolico's tank is small, exploded.

Ten days ago his right hand was accidentally mashed and the company, instead of having him give him a temporary place as night watchman at the big tank, which is undergoing repairs.

The tank was finally cleaned from the tank Friday afternoon and Sokolico's hand had so far recovered that he expected to return to work regularly Monday morning.

For some time he had been unable to get into the tank to stand on the top of the tank to admit light for the benefit of the laborers who were at work at the bottom, forty feet below.

It was into one of these holes that Sokolico fell.

About 10 o'clock Saturday morning he went to the engine house to get a drink of water.

That was the last time he was seen alive.

The morning was damp and foggy, and the atmosphere was heavy and the sun's rays on Singleton street, immediately south, gleamed ominously through the mist.

They alone witnessed the fall of the unfortunate man to his death.

As he walked across the concave floor of the engine house he slipped and iron cracked and bent under his weight.

On he walked, unmindful of his impending doom, and a moment later he plunged through the clouds into the unknown world below.

Nothing is known positively of his actions, but from appearances it would seem that he struck on his shoulders and the back of his head. His body was found a deep wound on the left side, but there was no other sign of his impact with the stone floor.

Fresh mud covered both of his shoes and the appearance of the rest of his clothing and the distortion of the face are silent witnesses of his death.

In that noiseless place of death he died in that noiseless place and the terrible agony in which he died.

On his arm, when he left the engine-house, he carried a sailor's coat and a light overcoat and both of these were found under his head. The appearance of the body when discovered was that he had died in a dead睡的 position, with his hands clasped behind his head.

They had been accustomed to passing him in the street during the morning, and when they missed him Saturday morning, they commenced an investigation. His body was found in the bottom of the tank, and an hour later it was drawn out with a rope and taken to the Morgue.

John Schaeffer also spelled his name "Gaspardo Sokolico," and when he was known he was familiarly known as Gaston.

A crowd of thirty or forty persons gathered around the body and curiously endeavored to view the body. The crowd bent and swayed, and had it not been for the strength of the winding of Patrolman Jones, who ordered them away, a wholesale disaster might have been the result.

NOT IN THE UNION.

The Dignity of His Profession Upheld by a Street Urchin.

Three men were standing on a down-town street corner after dark. This was not unusual. They were talking money.

Two urchins came along and sized up the three men. One of the urchins, with a cigarette in his mouth and only two garments on his little person, spoke up:

"What?" said one of the men.

"We'll tumble front and back summersets for you."

"Why I know people who tumble for nothing," said one of the men.

"Oh, they're scabs," said the urchin, as he sauntered away.

JOBE AND HIS VICTIM.

A Tobacco Drummer Arrested With His Fourteen-Year-Old Mistress.

G. H. Jobe, a traveling salesman, and Pearl Sutton, his 14-year-old mistress, will be taken to Alton, where he is wanted to answer a charge of seduction.

The couple were arrested in a rooming-house at 1226 North Sixth street at 10:30 p.m. Friday by detectives from headquarters and Capt. C. P. O'Connor of Alton.

It seems that while agents representing a St. Louis tobacco firm on the road he became acquainted with C. H. Sutton, a horse-dealer, and subsequently met his daughter Pearl.

After that Jobe went to Alton often, and he and the young girl met without the knowledge of Sutton, who was then married. They loved each other and three months ago she disappeared from her home.

Jobe is a traveling tobacco traveling man. He was selling tobacco and they went to all the towns in Iowa, Northern Missouri and lots of places in Illinois.

Jobe received a letter from his firm telling him to come in immediately.

He knew that meant that they had heard of his seduction.

To save himself further humiliation he shipped his samples back to the firm and the young girl went to Keokuk, Iowa.

She remained there about three weeks, and then came to St. Louis.

They engaged two furnished rooms at 1226 North Sixth street as G. H. Mitchell and wife.

Chief Kuhn of Alton had heard that they were in St. Louis and had been trying to locate them Friday.

When he and the detectives, who had been given him from headquarters, were to the house late at night, the couple were to be found.

They were awakened, and without remonstrance denied themselves and went to officers to the Four Courts.

The girl was placed in the charge of Matron Harris and Jobe was lodged in a cell in the Central Police Station as a fugitive from justice.

The girl will not tell how old she is. Chief Kuhn says she is 14, but she looks 17 or 18.

She says she loves Jobe and intends to go to him.

Jobe is 23 years old, tall and well dressed. He declined to say anything about his past, but he says his home was in Ohio.

He says that he thinks the parents of the girl will relent in the prosecution when he gets the affection that exists between him and her.

BRYAN LOST A VOTE.

A Misguided but Athletic Belleville Lawyer Wins in an Argument.

Elijah Cannady is a Justice of the Peace who adjusts neighborhood quarrels and marries runaway couples from St. Louis in the basement of the Court-house at Belleville. Hubert Schaumboefel is a rising young attorney at the Belleville bar, who is as handy with the gloves as he is with a pocket knife and can whip up a knotty law problem to a wildcat at the drop of the hat.

Cannady is a silver beetle and Schaumboefel is a goldbeetle.

The beetle and the bug met on the Public Square Friday night and were soon hard at it on the legal question.

The Justice had the advantage in weight at the ratio of 1 to 1, but Schaumboefel suggested that they settle the matter on the carom, agreed to do so, and the Justice submitted it to the Justice, who decided in favor of the Justice, sending in butting both his shoulders on the floor.

They adjourned to the room of the Independent Athletic Club, where they adjourned for a pint of beer and a hammar and tong.
